

Everest Community Academy

Success is an attitude

EVEREST NEWS

Weekly Roundup – 8th January 2021

A Message from Mr Grills

As we reflect on the first week of a new term, I would like to take this opportunity to thank everyone connected with Everest Community Academy. We have been faced with many challenges over the past year and this week has been no different. I am so proud of the commitment, effort and resilience shown by all to ensure that the school is running as it should, but in a virtual format. My advice to students over the coming weeks would be to continue to engage in online learning as you have been. It is important for your wellbeing to have routine, follow a timetable and interact with others through the live lessons. Keep up the good work everyone, as a school community we have been superb this week and I am sure this will continue.

Online Learning & Attendance Update

Following the announcement of a 3rd national lockdown, Everest online learning has begun again. We are committed to providing the same broad and balanced curriculum as students get in school. The vast majority of lessons will be live with the teacher delivering virtually. All lessons are delivered through Google Meet and can be accessed via the Google Classroom or an email link sent direct to the student. [Home Learning Guides](#) for students and parents are available to download from our website. If you have any questions, please do not hesitate to call reception on 01256 465547.

Tips for learning from home

Working from home can be difficult to adjust to. Over the coming weeks, we will be sharing tips and tricks on Facebook, Instagram and Twitter, to ensure that students are supported in their learning and mental wellbeing. To keep up to date with useful information and advice search 'Everest Community Academy' on any social platform listed or click the image.

Lockdown Support

The closure of schools and change to routine can impact children's mental and emotional well-being. As a school, it is not only our role to provide a high quality education, but to support student's emotional and social development. We will continue to provide that support for our students, through daily tutor times, weekly assemblies and weekly phone call check-ins with specific students by our safeguarding team. Alongside this, all form tutors and heads of year, will be available to email during school hours.

In times of crisis or if needing further support, please click the images below for some useful information.
